- After approximately 15-18 minutes, **Groups** will rotate to a new **Group Area**.
 - The second **Group Area** is **Position #2**
- After approximately 15-18 minutes, **Groups** will rotate to a new **Group Area**.
 - The third **Group Area** is **Position #3**

GROUP AREAS

- The field will be split into 3 **Playing Areas**
- Players will be split into 3 **Groups** of 4 **Players**
- Each **Group** area will have an **Instructor**

PARENTS

- One **Parent** will move with the **Player** to each **Playing Area**, for the entire clinic
- **Parents** will stand or sit on the perimeter of the **Playing Area**
- **Parents** will keep their child's water and equipment during the clinic

GROUP MOVEMENTS

- Each **Player** will stay with their group for the entire clinic
- Each **Group** will rotate to a new **Player Area** after approx 15-18 min

PARENT CHECKLIST

For Your Child:

1. Mask (for entering and leaving the parking lot... mask optional/recommended for clinic)
2. Hand sanitizer
3. Your child's water
4. Your child's glove
5. Your child's paddle (provided by us)
6. Your child's plastic bat (provided by us)
7. Your child's metal or wood bat (optional)
8. Your child's helmet (optional)

For You:

1. Mask (for entering and leaving the parking lot... mask optional/recommended for clinic)
2. Portable chair (optional)

Please Note: Players will be assigned to a **Group**. One parent will stay with their child's **Group** throughout the clinic.

Every 15 minutes, your child's **Group** will move to a new **Playing Area**. At this time, Players will be asked to sanitize their hands and have a drink of water. It is important that Players stay with their parents during this time - that is why the Parent will have the water and hand sanitizer. This will prevent players from crossing the field and mingling with players from other Groups.
